Posting of Temporary Vacancies:

Temporary vacancies caused by a full time employee being assigned out of or granted a leave-of absence from their home position shall be posted in accordance with clause 13.04 provided that the temporary vacancy is expected to last one (1) month or longer. The duration of the position will be dependant on the return of the absent full time employee.

The employer will provide notice to an employee in a temporary contract or line transfer when a temporary position is ending. The notice will be via phone call (with message left if no answer) and email, 5 (five) business days prior to the end of the temporary position, where possible. Where the employer is not made aware that an absent employee is returning to work (and therefore that a temporary position is ending) until less than 5 (five) business days before such ending, the employer will provide as much notice as possible to the incumbent in that temporary position.

When a Part Time employee receives notification that their contract is ending, they will have the option to bump the least senior Part Time employee who is working in a contract and assume the remainder of that contract. The more senior Part Time paramedic will have one business day from the time that the notification is sent (via phone and email) of the impending end of the contract to confirm that they wish to exercise their right to bump. MEMORANDUM OF SETTLEMENT

BETWEEN

OPSEU LOCAL 231 AND GUELPH-WELLINGTON PARAMEDIC SERVICES

The parties have agreed to the following language during collective bargaining.

Article 22.02 (deleted):

~~For the Guelph Unit only, shift schedules are to be posted annually in October. Employees will have thirty (30) days from the date of the posting to reply in writing indicating their three (3) shift preferences. Shifts shall be assigned based on seniority. The new schedule shall be posted by December 1st annually, to take effect at the beginning of the first (1st) pay period in the fiscal year. Shifts occupied by management staff will not be subject to this posting. There shall be no additional cost to the Employer as a result of any shift change.~~

The parties recognize they have a mutual interest in providing Guelph Unit paramedics with an opportunity to make informed decisions regarding permanent shift schedule selections, and therefore will provide a final opportunity for a schedule line pick. This line pick will occur in October 2019 as follows:

For the purpose of a final line pick, the employer will establish a schedule rotation prior to eliminating line picks and indicate the level of certification for each schedule line. The number of ACP and PCP positions will be consistent with the number of each in the City bargaining unit at the time that the schedule is provided to the union. The schedule will be provided to the union by end of the 3rd week in September.

The union will complete the process of line picks by a process that they determine and that respects seniority regardless of ACP/PCP status. Upon completion of the line pick process, results will be provided to management by the union, and the employer will implement the changes beginning on the first pay period in 2020.

The parties agree that this is a one-time-only selection process, and that following this process employees will remain in their selected line until and unless they use options available in the posting process. This will create consistency with the scheduling processes for employees in the County bargaining unit.

This process will replace the schedule line pick for 2019 that is described in article 22.02 of the Collective Agreement and any further line picks as described by that article until a new collective agreement is finalized.

The Parties agree that the Employer will support Primary Care Paramedics (PCP)'s who are employed full time by the Employer in their efforts to achieve Advanced Care Paramedic (ACP) certification. The Employer agrees to support up to two (2) PCP employees in completing the ACP education and certification requirements during the 2020 calendar year, and up to two (2) PCP employees in completing the ACP education and certification requirements during the 2021 calendar year.

The terms of the support shall include:

1. The Employee must be a current PCP, in good standing, and must have a minimum of 4000 hours of work experience within the last three (3) years as a PCP at Guelph Wellington Paramedic Service. Furthermore, any PCP involved in a job share agreement will not be considered.

3. The Employer will post an Expression of Interest for PCPs who meet the above listed criteria for eligibility. Where the qualifications of each PCP candidate are determined to be equal, selection shall be by seniority.
4. The successful PCP candidate(s) will be responsible for the fulfilment of all admission requirements as outlined by the applicable Educational Institute. The Employer has the right to approve or disapprove of the selected Educational Institute.

5. The Employer will reimburse each successful candidate, to a maximum of fifteen thousand dollars (\$15,000.00), towards the cost of tuition, course materials and related administration costs. 6. The Employer will not be responsible for other costs associated with the education and attempts to achieve ACP certification including, but not limited to, travel, accommodation and Ministry of Health examination requirements.
7. The Employer will grant each PCP approved for this support up to fifteen (15) days of paid leave to accommodate approved ACP education activities, including classroom and preceptorship requirements. 8. The Employee is responsible for providing any required schedule adjustments needed to the Employer within a reasonable time. The Employer will make reasonable efforts to assist the Employee in adjusting their schedule to accommodate the ACP education, including time required for classroom and preceptorship activities. Furthermore, the Employer will attempt to schedule the consolidation period in the most effective manner. It is understood that any time spent by the Employee on pursuing the ACP certification that occurs on days not scheduled to work will not be paid time.
9. It is understood that the terms of the Collective Agreement regarding hours of work and overtime will not apply to time spent by the Employee on their education and attempts to achieve ACP certification supported by this agreement. The Employees will continue to accrue seniority during paid leave of absence days.
10. It is understood that any actions by an Educational Institution, Base Hospital, certifying agencies, or their representatives, do not come under the jurisdiction of the Collective Agreement and, therefore, cannot constitute a dispute or grievable action under the Collective Agreement.
11. PCP employees participating in ACP training will be permitted to attend the workplace and ride as a 3rd person in Guelph Wellington Paramedic Service ambulances on their days off, (unpaid), in order to complete the course requirements.

5. The Employer will reimburse each successful candidate, to a maximum of fifteen thousand dollars (\$15,000.00), towards the cost of tuition, course materials and related administration costs. The Employer will provide reimbursement upon proof of payment and proof of enrolment in an approved Educational Institution offering ACP certification.
6. The Employer will not be responsible for other costs associated with the education and attempts to achieve ACP certification including, but not limited to, travel, accommodation and Ministry of Health examination requirements.
7. The Employer will make reasonable efforts to assist the Employee in adjusting their schedule to accommodate the ACP education, including time required for classroom and preceptorship activities. Furthermore, the Employer will attempt to schedule the consolidation period in the most effective manner. It is understood that any time spent by the Employee on pursuing the ACP certification that occurs on days not scheduled to work will not be paid time.
9. It is understood that the terms of the Collective Agreement regarding hours of work and overtime will not apply to time spent by the Employee on their education and attempts to achieve ACP certification supported by this agreement. 10. It is understood that any actions by an Educational Institution, Base Hospital, certifying agencies, or their representatives, do not come under the jurisdiction of the Collective Agreement and, therefore, cannot constitute a dispute or grievable action under the Collective Agreement.
11. PCP employees participating in ACP training will be permitted to attend the workplace and ride as a 3rd person in Guelph Wellington Paramedic Service ambulances on their days off, (unpaid), in order to complete the course requirements.

12. Should the PCP employee successfully achieve ACP certification and the approval of the Employer to work as an ACP, the ACP rate of pay will then apply. The Employer reserves the right to adjust the schedule or assigned station of the employee to best utilize ACP coverage. **Changes to schedules will recognize seniority. Any bumping that results from these changes will be done in consultation with the Union.**
13. As a condition of receiving support through this agreement, a full time PCP employee who successfully achieves ACP certification shall not terminate their full time employment with the Employer, or request to participate in a job share, or returns to PCP status for the three (3) year period subsequent to the date certification was achieved. In the event that such Employee terminates their full time employment, for any reason, or returns to PCP status, it is agreed that the employee shall immediately repay the Employer for the cost of the ACP tuition, and other related expenses paid by the Employer, pro-rated on the basis of that portion of the three-year period not served, and that such repayment will be a debt owed by the Employee to the Employer. Furthermore, the Union agrees that the Employer may withhold the amount of such debt from all wages owed to the Employee upon their termination date.
14. A PCP who participates in this support program and is unsuccessful in achieving ACP certification, will not be eligible to participate in the program in any future year, inclusive of the college and service entry exam. A PCP that opts to quit the program prior to completion will be required to repay the Employer for the cost of the ACP tuition, and other related expenses paid by the Employer.

Employees may approach their union and or management representatives to discuss an exemption from any of the criteria above.

1. Job Sharing is defined as an arrangement whereby two employees share the hours of work of what would otherwise be one full time position.
2. The employees involved in a job sharing arrangement (hereinafter referred to as job sharing participants) will be classified as part time employees but the position being job shared will remain full time.

2. If one of the job sharing participants leaves the arrangement, the remaining job sharing participant, if they were a former full time employee at the creation of the arrangement shall be given the option of returning to full time status.
 - a) If the full time offer is declined, the vacant portion of the job sharing position shall be posted as a job sharing vacancy under the Collective Agreement.
 - b) If the job sharing vacancy is still not filled, the remaining job sharing participant shall be returned to full time status.
3. If one of the job-sharing participants leaves the arrangement, and the remaining job sharer was a former part time employee, the vacant job sharing position will be posted. If not filled via job posting, the job sharing arrangement will be terminated and full time position posted as a full time vacancy. The remaining job sharing participant shall revert to their former part time status.
